Dear Parents,
IWIA Chinese department is helping you enrich your children's summer vacation with more E-learning opportunities from home. Here you go!

Go to <http://www.digitaldialects.com/Chinese.htm>
<http://www.csulb.edu/~txie/online2.htm>
<http://classes.yale.edu/chns130/Dictionary/index.html>,
<http://www.genkichinese.com/> (strongly recommended)

They provide you with plenty of interactive Chinese learning games and songs on the topics we had already learned. Checking the websites provided or listening to IWIA Chinese CDs constantly is going to be very beneficial in retaining their Chinese language knowledge learned. In addition, you may want to have your child watch some Chinese children story animations in the following websites:
